DELTA FEVER

It may appear to have spanned several generations, yet I must clarify, as a founding member of the now-banned Jesuits of Truth in Palmdale, that I cannot mislead you.

I must confess that it was not quite four days during which we endured relentless acid rain, unleashed upon us by the weather sorcerers from a source known as "Channel Three Local Weather."

This relentless downpour left us yearning for even a fleeting moment of sunshine, as the oppressive gloom seemed to

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

stretch on indefinitely, testing our spirits and resolve.
To someone who lacks deeper understanding, it might appear that this rain is merely a natural occurrence, rather than a deliberate act orchestrated by the malevolent wizard aiming to hinder our expedition to the desolate expanses of the Montana Territory.
After all, rain is often seen as an integral aspect of nature's rhythm, echoing the wisdom of the ancient sage who proclaimed,
"And the rain must fall!"
However, we must recognize that this seemingly innocuous downpour could very well be a calculated move in a larger scheme,

GIOVANNI METRO STOP GALLERY
WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

designed to thwart our progress and test our resolve as we venture into the unknown.

It is not my intention to suggest that my travel companions or I possess any superior intellectual capabilities that set us apart from the average person, whom the Holy Man Bubba affectionately calls "Rubes."

Nor do I wish to invoke any spiritual enlightenment derived from my role as an emissary for the Holy Elephant of Joy.

However, it is undeniable that the weather wizard from Channel Three has repeatedly threatened to unleash his weather demons over the past few days, creating an

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

atmosphere of uncertainty and tension that cannot be overlooked. The implications of his actions cannot be overlooked; if this is not a confession in itself, then his relentless attempts to steer these malevolent forces toward our present location undeniably indicate his role as a servant of the formidable Ahriman, the embodiment of great evil now recognized by the world.
His behavior suggests a deep-seated allegiance to darkness, revealing a troubling commitment to unleashing chaos upon us. The evidence of his involvement is compelling, painting a picture of a man who is not merely a bystander

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

but an active participant in the sinister machinations of a malevolent power that seeks to disrupt the very fabric of our existence.

Subsequent research has revealed that this was undoubtedly a component of a larger scheme designed to torment us with an incessant pursuit, relentlessly hunting for a way to ensnare us in the terrifying grip of a regional viral outbreak referred to as Delta Fever.

The implications of this relentless search are chilling, as it underscores the lengths to which this menace will go in its quest to capture us, leaving us vulnerable to the devastating effects of this

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

insidious plague.
The infamous localized virus plague has gained notoriety among the residents, as it possesses the uncanny ability to erode the resolve of even the most resilient individuals.
This insidious affliction incites an overwhelming compulsion to lash out at the nearest tourist or pilgrim, prompting locals to reach for any makeshift weapon at hand—be it a cane, a stick, or even branches from the pine trees that many keep conveniently near their front doors for non-lethal self-defense, a necessity since firearms were confiscated by authorities long ago.
In the throes of this bewildering

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

mental haze, the afflicted often misinterpret innocent pilgrims as aggressive term-life insurance salesmen, leading to chaotic encounters fueled by confusion and frustration.

As I wrapped up my reflections in my cherished "Hello Kitty" memo book, the Holly Man Bubba suddenly shouted at the shadowy figure of the malevolent Ahriman, flanked by his legion of demons and their dark wizard commander: "This relentless, pulsating pain that gnaws at my weary mind will not compel me to surrender to you or your soulless minions..."

The phrase "Demonetized dogs" left me perplexed, and considering

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

his current mental state, I couldn't shake the worry that the rain might be harboring the deadly Delta Fever virus.

This uncertainty made me hesitant to voice my questions, so instead, I chose to remain silent, sitting alongside him as we endured the relentless downpour for four long days, hoping for a break in the weather that might bring clarity to our situation.

Indeed, we have endured a lengthy wait, as countless drivers zoomed by, their headlights illuminating the scene, casting a spotlight on the two individuals who remained oblivious to the fact that rain can persist for an astonishing forty days

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

and nights.
Meanwhile, the town's sole radio station continued to loop the same uplifting hymn, creating an almost surreal backdrop to our predicament.
“Thunder only happens when it’s raining...Players only love you when they’re playing...say women...they will come and they may go...When will the rain...come...wash me clean...clean my soul...you’ll never know...”
The hauntingly repetitive lyrics of this sorrowful hymn resonated profoundly within me, leading me to grasp how the rhythmic patter of raindrops on the fabric roof of our vehicle formed a poignant

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

backdrop to the uplifting hymn streaming through our shortwave transmitter.
It became clear that this unique combination of sound had plunged the Holy Man Bubba into his present mood of deep sadness.
As I gazed at the stream of vehicles rushing by, my attention shifted back to my own refuge beneath the solitary dry patch provided by the highway's overpass.
Without any invitation, the Holy Man Bubba launched into an extensive discourse on the serene tranquility he had encountered in a timeworn temple located just beyond the historic city of Kyoto.
His words flowed effortlessly,

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

painting vivid images of a peace so profound that it seemed to transcend time and space, inviting me to share in the wisdom he had gleaned from that sacred place.
"It's astonishingly silent," he remarked, "You can truly listen!"
I have to admit that I left feeling both impressed and a bit awestruck, as I had no idea that the Holly Man Bubba had journeyed so extensively across the diverse landscapes of the world as a daring naval adventurer.
Upon reflection, I find myself contemplating the extensive mediation I have engaged in, leading me to ponder whether it was, in fact, the malevolent forces

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

of Ahriman that effectively hindered our progress on this journey.

The realization that these dark influences may have played a significant role in obstructing our path raises profound questions about the nature of our struggles and the unseen barriers we face. It compels me to reconsider the motivations behind our challenges and the possibility that external, sinister forces have been at work, shaping our experiences and impeding our advancement.

I have come to realize that perhaps this moment in our lives is intended for us to delve into the profound significance behind the seemingly

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

random thoughts that have intertwined our destinies.
It seems as though fate has orchestrated our paths to encourage a deeper understanding of the connections we share, urging us to reflect on the intricate tapestry of our experiences and the lessons they impart.
This exploration could reveal insights that not only enrich our individual journeys but also strengthen the bond that has brought us together in this shared experience.
It seems that my journey to understand the teachings of the revered Holly Man Bubba was destined to unfold, guiding me

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

toward a deeper comprehension of universal truths.

This newfound knowledge may serve as a bridge, uniting the great religions of our era in this quaint forest town, fostering harmony and enlightenment among diverse beliefs.

Recently, my beliefs have come under scrutiny from various scholars and a group of progressive academics who have challenged my spiritual understanding of this narrative.

Their flippant dismissal of my interpretation, suggesting that "perhaps it simply rains frequently in that region," reflects a troubling trend of undermining deeply held

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

convictions without engaging in meaningful dialogue.
This casual approach not only trivializes the significance of my perspective but also highlights a broader issue of how genuine spiritual insights can be overlooked in favor of superficial explanations.
The Holly Man Bubba reflected on his past, expressing regret for having been too young to heed the whispers of silence that surrounded him.
This oversight cost him precious years, during which his once-vibrant dreams gradually faded away, slipping through his fingers like grains of sand.
It was only now, in this moment of

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

newfound clarity, that he felt liberated enough to appreciate the beauty of those long-lost aspirations.

The relentless rains of life had washed away the cobwebs of forgetfulness, bringing those cherished thoughts back to the forefront of his mind, allowing him to embrace the richness of his imagination that he had once neglected.

I have experienced this profound moment of clarity firsthand, and while I cannot definitively say whether it was a divine gift from the Holy Elephant of Joy or a manipulation orchestrated by Ahriman's demons, the possibility

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

of it being a form of Jedi Mind Control is increasingly plausible. This reflection gains depth when considering Ahriman's role in providing sanctuary to countless Jedi Refugees, who were desperately fleeing from the bounty hunters dispatched by the Empire’s Department of Justice. The intertwining of these elements creates a complex narrative that challenges our understanding of enlightenment and the forces at play in our lives, urging us to explore the deeper implications of such experiences.

Years later, my research has prompted me to reconsider the weight I assigned to this singular

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

event within our faith, recognizing that perhaps I overemphasized its religious significance.
Nevertheless, the story remains compelling and serves as an inspiring narrative for newcomers exploring our beliefs. In my initial account, I neglected to include a crucial detail I uncovered in the local Hall of Records: a reference to a National Geographic publication that revealed an undeniable truth I had overlooked.
It turns out that the western regions of this forgotten land are characterized by substantial rainfall, a fact that adds depth to the event I described.

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

It is important to highlight that this region experiences an astonishing annual rainfall of over 43 meters, a fact that I previously overlooked. Notably, esteemed publications such as the Star and National Enquirer have classified this area as a rain forest, reminiscent of the enchanting landscapes depicted in the classic film, “The Land that Time Forgot.”

This remarkable precipitation has breathed new life into the land, transforming it from desolate and arid wastelands that extend from the eastern slopes of the majestic mountain range into a vibrant and thriving ecosystem.

As I delve into this subject, I feel

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

compelled to urge my fellow travelers and researchers exploring these regions to take advantage of national publications such as the Star.

These sources offer insights and truths that are often overlooked or omitted by the majority of state media outlets, including CNN and NPR, which may present narratives deemed detrimental to the nation's peace and unity.

By turning to these alternative publications, you can gain a more comprehensive understanding of the issues at hand and enrich your journey with knowledge that is both enlightening and essential for fostering a well-rounded

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

perspective.

Similar to the controversial writings of the suppressed Jesuits, the Truth White Papers reveal compelling evidence that challenges the mainstream narrative regarding the extinction of dinosaurs, suggesting that they were not eradicated by a colossal comet.

Instead, these documents propose that there are still hidden corners of our world, particularly in remote and uncharted forests, where these magnificent creatures may continue to exist, roaming freely in the shadows of our understanding.

This perspective invites us to reconsider what we think we know about the past and to explore the

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

possibility that the legacy of dinosaurs is far from over, urging us to delve deeper into the mysteries that nature still holds.
It occurred to me that perhaps it was the relentless harshness of the weather, combined with the discomfort caused by the incessant dampness of Holly Man Bubba's socks, that had awakened these long-buried reflections, originating from a figure who starkly contrasts with the beloved prophet we have all come to cherish.
Looking back and reconsidering the situation, it becomes increasingly apparent that this observation is likely to be accurate, particularly in light of the moment when he called

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

out from the car window to a cyclist, exclaiming, “Forget about my dinosaur! Fred Flintstone is my good buddy. Hey, Bubba, could you toss another brontosaurus burger on the grill for Freddie, would you, Mr. Hoffa?”

This whimsical outburst not only highlights his playful nature but also suggests a deeper connection to the absurdity of his claims, making it hard to dismiss the underlying truth in his words. Many may overlook this as mere nonsense, but I invite you to reconsider your perspective.

I propose a spirited "Dance of Joy" competition, where we can engage in a joyful expression of our beliefs

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

to see who truly understands the essence of our faith.

This playful challenge embodies the teachings of the Holy Elephant of Joy, encouraging us to explore the depths of our convictions through movement and celebration.

Let us embrace this opportunity to connect with our spirituality in a vibrant and meaningful way, revealing the truth that lies within our hearts.

Stepping out of our immobilized car, I made my way back into the heart of Corvallis, meandering through the bustling downtown area.

To be completely honest, my true mission was to hunt down the

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

enchanting remedy that many local pharmacies proudly display on their shelves: Alka-Seltzer.

My recent indulgence in green beer had taken a turn for the worse, leaving me with an uncomfortable, bloated sensation in my stomach that I desperately needed to alleviate.

This remarkable medication deserves the highest accolades, and I feel compelled to share my enthusiastic endorsement with every pilgrim and traveler who might embark on a journey through the desolate terrains of Montana.

It would be a disservice not to recommend this extraordinary remedy, as it stands as the sole

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

effective treatment for the notorious stomach ailment that the locals, in their quirky urban vernacular, refer to as “Calvin Coolidge’s Revenge.”

Trust me, anyone venturing into these rugged lands should not overlook this essential companion for their health and well-being.

Through my academic pursuits and extensive research, I have discovered that the colloquial term for this disease is derived from the name of a notorious Anglo figure who aimed to disseminate this illness among foreigners in America.

This individual was motivated by the severe gastrointestinal distress

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

he experienced after consuming contaminated water during his travels abroad, which ultimately led to his desire to share this affliction with others.

It appears, though I cannot confirm it definitively, that the individual responsible for developing the Alka-Seltzer remedy aimed to counteract the oppressive atmosphere instigated by Calvin Coolidge, which had stifled tourism across various regions of America for several generations.

This endeavor reflects a broader struggle against the lingering effects of fear and uncertainty that had permeated the landscape, ultimately seeking to rejuvenate

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

the spirit of exploration and travel that had been lost to the shadows of that era.

Today, this illness remains a significant concern globally, prompting travel advisories for tourists to ensure they pack ample supplies of Alka-Seltzer and toilet paper in their travel kits.

The prevalence of this disease across various regions underscores the importance of being prepared, as travelers can encounter unexpected health challenges.

By taking these precautions, tourists can safeguard their well-being and enjoy their journeys with greater peace of mind, knowing they are equipped to handle any

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

discomfort that may arise during their adventures.

At first sight, countless travelers may perceive this region as a bountiful and enchanting landscape brimming with prosperity, where numerous residents inhabit what they proudly call "Ranch-style" homes, surrounded by expansive plots of land.

These verdant spaces hold the potential for flourishing gardens and abundant crop yields, providing sustenance for families as they endure the harsh winters that envelop these majestic forested mountains.

The allure of this land lies not only in its beauty but also in the promise

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

of self-sufficiency and resilience that it offers to those who call it home.

It is important to highlight that a significant number of families often overlook the chance to support local agriculture, choosing instead to buy fruits and vegetables imported from countries such as Chile.

This decision not only impacts the local economy but also diminishes the potential benefits of consuming fresh, locally grown produce.

By prioritizing imports over homegrown options, families miss out on the superior taste, nutritional value, and environmental advantages that

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

come with choosing seasonal, locally sourced crops.
Embracing local produce can foster community connections and contribute to a more sustainable food system, making it a choice worth considering for the well-being of both families and the environment.
This experience has swiftly transformed into a landscape filled with desolate hearts and depleted resources.
This profound sense of void has compelled me to gain a new perspective, allowing me to genuinely appreciate that even the most time-honored teachings of the Holy Elephant resonate with

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

fresh significance in my life.
The Holy Elephant revealed a profound truth about human nature: an intrinsic desire to flee from our current reality, a tendency embedded in the very fabric of our DNA.
This urge to escape, whether through the frantic pursuit of distant dreams or the serene practice of tapping into the "Elephant of Joy" ceremonial tambourine—available for purchase at our gift shop—reflects a deeper, almost primal need to transcend the mundane. In the rhythmic embrace of a three-quarters time mantra, especially during the enchanting jingle

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

-jangled mornings, we find ourselves yearning to dance beneath a shimmering diamond sky, one hand raised in liberation. This longing, as articulated by our esteemed masters, is fundamentally linked to the pervasive discontent that plagues humanity, suggesting that our quest for joy and fulfillment is not merely a personal journey but a collective struggle against the confines of our existence.

For countless generations, scholars and learned individuals have engaged in spirited debates over the authentic interpretation of the parable of the Holy Elephant. This enduring discourse reflects not

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

only the depth of the narrative but also the diverse perspectives that have emerged over time, each adding layers of understanding to its profound message.

The parable, rich in symbolism and moral lessons, continues to inspire inquiry and reflection, inviting each new generation to explore its significance and relevance in a constantly evolving world.

As these discussions unfold, they highlight the timeless nature of wisdom and the importance of seeking truth through dialogue and contemplation.

It seems to me that these words were crafted not specifically for their generation, but rather for all

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

of us who are navigating the undeniable reality of these tumultuous times.

The message resonates deeply with the collective experience of living in an era marked by uncertainty and change, urging us to reflect on our shared struggles and the profound implications of our current circumstances.

This perspective invites a broader understanding, suggesting that the wisdom contained within these words transcends age and speaks to the universal challenges we face today.

The validity of this argument resonates deeply with me, and I believe its implications hold

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

significant relevance for our contemporary society.
It presents a straightforward truth that we would be unwise to overlook, especially in an age where we are often distracted by the allure of technology and consumerism.
Instead of seeking fulfillment through the glowing screens of our ubiquitous 13-inch televisions—devices that fill our living spaces and bombard us with advertisements for products that promise to define our identities, like soap that claims to embody the essence of an Irish man or frozen pizzas linked to the legacy of a long-gone war baron from Imperial

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

Germany—we should reflect on the deeper meanings and values that truly enrich our lives.

Embracing this wisdom could lead us to a more authentic existence, one that prioritizes genuine connections and self-awareness over the superficial offerings of modern marketing.

During my exploration of various topics, I stumbled upon an incredible American figure known as Rev. Ike.

It was a captivating moment as I observed him for the first time through the window of a retail store, where he was showcasing the latest high-end television models, each boasting stunningly

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

vibrant screens that truly brought the visuals to life.
Rev. Ike was swift to express his disagreement with the Holy Elephant regarding the fundamental reasons behind human discontent.
Had he been aware that I was associating with a group that boasted about their barbecuing adventures alongside the Flintstones and a rather notorious figure known as Mr. Hoffa, he might have reconsidered his endorsement of this publication, even at this moment.
This esteemed sage has enlightened his numerous disciples by revealing that the fundamental

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

source of human discontent is not wealth, contrary to the teachings they have received in countless religious institutions that convene every Sunday morning.

Rev. Ike asserts that the root of our modern civilization's decline lies in the scarcity of financial resources, which has contributed to the pervasive sense of despair that many of us experience.

After years of exploring the profound truths of the universe through deep meditation and the courageous pursuit of diverse cultures, I have come to recognize that these two philosophies are indeed interconnected.

The interplay between economic

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

hardship and our collective emotional state reveals a deeper understanding of the challenges we face, suggesting that addressing our financial woes could be key to revitalizing not only our society but also our individual spirits.

As I stood on the desolate street corner, drenched by the relentless rain and anxiously awaiting the pedestrian signal to change, a stark realization hit me: we were trapped in this valley, not because of fate, but due to our empty pockets, lacking even a few bundles of those enticing, verdant treasures that exude an irresistible aroma, a scent so potent that it embodies the very essence of the power that Rev. Ike

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

essence of the power that Rev. Ike passionately describes.
Captivated by the astonishing nature of this newfound insight, I found myself oblivious to the presence of the soymilk vendor and his diminutive, vividly spray-painted poodle.
"A white and gold creature with fangs, Fong to you, too..."
I softly uttered a sound as the tiny, vibrant creature playfully splashed water onto my boot, its colorful form dancing with delight in the puddle.
As the sun began to dip below the horizon, casting a warm glow over the tranquil surroundings, a haunting wail of a choked dog pierced the stillness, drawing my

WWWG PRODUCTIONS LTD. SINGAPORE -- COPYRIGHT 2024

essence of the power that Rev. Ike pierced the stillness, drawing my attention to the sorry state of my once-pristine alligator boots, now marred and battered.

At this moment, the frantic owner of the vibrant creature joined in the chorus of screams, their voices rising in panic as I hurried my steps, feeling the urgency of the situation.

All around the neighborhood, window shades began to lift, revealing curious faces peering out to witness the unfolding drama, each one drawn by the commotion that had suddenly erupted in their once-quiet surroundings.

In that moment, I resolved to press on with my pilgrimage, undeterred

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

by the biting chill of the winter wind that swirled around my exposed neck.
The frigid air only fueled my determination, reminding me of the purpose that drove me forward.
Each gust served as a reminder of the journey ahead, compelling me to embrace the discomfort as a necessary part of my quest.
The path may be harsh, but my spirit remained unyielding, and I knew that every step taken in the face of adversity would bring me closer to my destination.
The majestic forest mountains exuded an irresistible charm, their beauty heightened by the recent commotion surrounding the

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

vibrant, newly captured creature. It seemed that the owner of this extraordinary beast, adorned in a kaleidoscope of colors, had hurried off to summon the local authorities, adding an air of intrigue to the already captivating landscape.

The scene was not just picturesque; it was alive with the promise of adventure and the unfolding of a story that beckoned to be explored.

With no inclination whatsoever to associate with a chain gang, I firmly nudged Holly Man Bubba out of my way and turned the key in the ignition, bringing our weary vehicle to life.

Despite his ongoing protests and

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

sincere apologies to Fred and the group for my exceedingly rude behavior, we pressed on toward the west, leaving behind the alligator boots that I had once admired so much.

As we ventured deeper into the enveloping fog that cloaked the looming mountains, a realization struck me: there was yet another destination we needed to reach.

We embarked on a quest to uncover the shimmering remnants of those audaciously remembered yet subsequently retracted narratives from the culturally shadowy era of America's formative years, a period often referred to by academic circles as

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

the late 1950s.
This unexpected journey unfolded spontaneously, transforming from a mere thought into a tangible experience when the pressing necessity to depart from the city propelled us onto this path.
The urgency of our situation ignited a sense of adventure, leading us to embrace the unknown and explore the possibilities that lay ahead.
It became evident that we needed to delve deep and uncover the hidden and enigmatic significance behind the lyrics of the progestogen-infused anthem of adolescent romance, which the revered figure Bubba referred to as "Teen Angel."

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

There is an undeniable urgency within me to delve into the depths of American cultural programming, particularly its history of audacious and often unscrupulous actions. By examining this complex tapestry, we can not only uncover the potential for a renaissance of values but also perhaps discover some valuable insights or even small rewards along the way. As we traverse the winding contours of the mountain's gentle slopes and navigate the desolate expanse of charred and decaying woodlands, our quest leads us to the elusive Ageless Hermit, a figure reminiscent of a Jesuit in his wisdom and solitude.

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

This timeless recluse found himself relegated to the decaying wooden beams of his surroundings, a victim of his own church's disdain.
Shunned for his unconventional perspectives on the universe and his unique interpretation of the spiritual realm, he was further ostracized for indulging in comic books while seated in the confessional.
His quest for understanding and enlightenment, which diverged from traditional beliefs, led to his isolation, revealing the harsh reality of a society that often punishes those who dare to think differently.
Once occupying a prestigious position as the Pope's food taster,

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

he found himself abruptly stripped of his esteemed role, a stark reminder of the precarious nature of favor within the court.

This dramatic shift from the heights of ecclesiastical privilege to a more humble existence mirrored the journey that both the Holy Man Bubba and I were pursuing, albeit without the conviction that we would reincarnate in this world as a shriveled, sun-dried raisin from California.

Embracing a simpler life, we sought solace and meaning beyond the trappings of power, yearning for a deeper connection to our faith and the world around us, free from the burdens of past grandeur.

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

According to the tourist guide we stumbled upon while enjoying our blue-plate special at Howard Johnson's, the Ageless Hermit has embraced a more uncomplicated lifestyle, discussing Zen philosophy with the same casualness as one might talk about the weather.
This intriguing revelation invites us to reflect on the profound simplicity of life and the wisdom that can be gleaned from such a serene existence.
The juxtaposition of the hermit's tranquil approach to life against the backdrop of our bustling surroundings serves as a reminder that true enlightenment often lies in the most unassuming of places.

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

Once more, we found ourselves under the influence of a profound, cosmic force that had designated the Ageless Hermit's sanctuary with four radiant stars.

This celestial guidance seemed to illuminate our path, suggesting that there was a deeper significance to our journey, one that transcended the ordinary and connected us to the vast mysteries of the universe. The stars, symbols of wisdom and enlightenment, beckoned us to explore the depths of this retreat, promising revelations that could only be unlocked through the embrace of this extraordinary energy.

The discovery of the Ageless

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

Hermit and his esteemed assembly within Nature’s Inner Circle was primarily made possible by the invaluable map we acquired from a generous man known as Mr. Bud. His kindness in sharing this crucial resource not only guided us through the wilderness but also opened the door to a world steeped in mystery and wonder, allowing us to connect with the enigmatic figures that dwell within the heart of nature.

Without Mr. Bud's thoughtful assistance, our quest would have been significantly more challenging, underscoring the importance of human generosity in the pursuit of knowledge and

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

adventure.
In the quaint town of Burnt Woods, Mr. Bud has earned a reputation that precedes him, primarily due to the complimentary restrooms at his Exxon station and his unique service of faith-healing for Buicks and Chevrolets, priced at an astonishingly low $14.95.
However, for those who drive Fords, the cost rises to $20.45, as Mr. Bud humorously claims, “There are a lot of demons lurking in those Ford vehicles... I wouldn’t be shocked if the spirit of old man Ford himself was entombed within one of those fine machines.”
His quirky charm and eccentric services have made him a beloved

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

figure in the community, drawing in both locals and travelers alike who are curious about his unconventional approach to car maintenance.

I was truly struck by Mr. Bud's exceptional dedication to the vehicles in our community, showcasing a level of care and attention that is both admirable and inspiring.

His commitment not only ensures that our vehicles are well-maintained but also reflects a deep sense of responsibility towards the safety and well-being of everyone who relies on them.

It is evident that Mr. Bud goes above and beyond, making a

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

significant impact on the overall quality of our community's transportation, and his efforts deserve recognition and appreciation from all of us.

Mr. Bud seemed to possess a divine gift, one that allowed him to dispel the malevolent forces that had not only immobilized countless vehicles but had also threatened to devastate the entire automotive industry in America.

The prospect of a brighter future is truly inspiring, as we envision a landscape where Mr. Bud's franchises flourish, bringing a wave of positivity that revitalizes gas stations across the nation.

This transformation promises not

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

only to restore the industry but also to uplift communities, ensuring that the spirit of progress and goodwill prevails in every corner of the country.

I handed Mr. Bud a brochure detailing the principles of the Holy Elephant, and by the time we were ready to resume our travels, he was already making significant progress in mastering the “Dance of Joy.”

I wholeheartedly endorse Mr. Bud’s unique, four-star restrooms, each adorned with images of the vehicles he has skillfully restored and returned to the path of safe driving.

During your visit, take a moment to step into the station's front office,

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

where you'll find an impressive display of framed photographs showcasing the renowned individuals who have made their way to Mr. Bud's in search of solace for their troubled vehicles.

This collection not only highlights the significance of Mr. Bud's as a sanctuary for automotive relief but also serves as a testament to the trust and admiration that these famous figures have placed in his expertise.

At the heart of his remarkable collection lay a striking portrait of the world’s most celebrated vocalist, Kate of Smith, who, in a twist of fate, found herself humorously ensnared in an

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

unfortunate predicament on the toilet.

This captivating image not only highlights her unparalleled talent but also adds a layer of charm and relatability to her iconic status, reminding us that even the most extraordinary individuals can encounter the most mundane challenges.

The juxtaposition of her illustrious career with such a comical scenario makes this piece a true conversation starter, inviting viewers to appreciate both her artistry and her humanity.

Mr. Bud's son expressed a valid point when he remarked, "It was entirely justified."

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

He went on to explain that it required the combined efforts of his father and the majority of the Fire Department approximately 20 minutes to successfully free her from the bathroom and ensure she exited with dignity.

Mr. Bud Jr. pressed on with his tale, seemingly oblivious to the frustrated cries of customers anxiously watching petrol spill from their vehicle tanks.

"It was during that time," he recounted, "that my father decided to construct these oversized bathroom stalls.

He had this constant fear that someone like Orson Welles or perhaps Jackie Gleason would drop

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

in and need to use the facilities."
I was profoundly moved by Mr. Bud's genuine concern for the bathroom rights of individuals who are both overweight and well-known.
His advocacy highlights an often-overlooked issue that affects many, demonstrating a compassionate understanding of the challenges faced by those who may feel marginalized in public spaces.
By addressing this topic, Mr. Bud not only raises awareness but also champions the dignity and respect that everyone deserves, regardless of their size or status.
His commitment to ensuring equitable access to facilities is a

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

powerful reminder of the importance of inclusivity in our society, urging us all to consider the implications of our actions and attitudes towards others.

As you journey down our road, I encourage you to take a moment to refuel and experience the very seat that once cradled the illustrious Kate of Smith.

It is with immense pride that I share my own experience of having occupied the same spot that has been graced by an extraordinary array of the wealthy and renowned. This is not just a stop for petrol; it's an opportunity to connect with a legacy that has touched the lives of many influential figures.

WWWG PRODUCTIONS LTD. SINGAPORE – COPYRIGHT 2024

Just beyond the boundaries of Burnt Woods, we stumbled upon the Ageless Hermit's sanctuary with ease, as it was prominently indicated by a massive roadside sign advertising his charming gift shop and the inviting snack bar that accompanied it.

We made the decision to forgo the guided tour of the one-room museum, which costs seven dollars per adult, as well as the "get back into the Zen" hike through the decaying and weathered timbers that were once part of a thriving wood, primarily due to our ongoing financial constraints.

Rather than engaging in other activities, we dedicated our time to

exploring the gift shop, where I decided to invest a portion of our limited budget in acquiring a copy of the official Hermit Cookbook. This choice not only allowed us to take home a unique memento but also provided an opportunity to delve into the culinary world inspired by the hermit lifestyle, making it a worthwhile expenditure that would enrich our experience long after our visit.

Just as we were about to exit the Zen-to-You gift shop, the unmistakable voice of the Hermit resonated through the shop's speaker system, capturing our attention with its clarity and presence.

Enveloped by the captivating stereo ambiance of his recorded insights, we found ourselves seated on the floor of aisle number four, completely absorbed in the experience as we listened intently for more than an hour.

The rich soundscape created by his voice transformed the mundane setting into a profound moment of reflection and connection, drawing us deeper into the wisdom he shared.

Each word resonated with clarity, making the time spent feel both timeless and invaluable, as we collectively absorbed the lessons woven into his narrative.

The phrases floated around us in a

chaotic rhythm, which the wise man Bubba described as a jumbled and utterly transparent effort to persuade us into making purchases. The pious figure known as Bubba stood up abruptly, his voice echoing through the store as he exclaimed, “What a pathetic effort...” directed at the closest speaker.

In a tone laced with indignation, he turned to the cashier, stating, “I find this deeply offensive,” all while completing his purchase of a full collection of tapes and two exquisitely crafted Zen Master cotton shirts. With this disdainful glance, he exited the gift shop.
